Data for Arm Mul

	16	64	256	1024
Clock Frequency	0.804GHz	1.781GHz	1.981GHz	1.993 GHz
Instructions	561251	15659541	814904666	49280526873
Time Elapsed	.0041s	.017s	.728s	44.254s

We were unable to get intmul functional to run with the required data, so we have no more information about the performance. That being said, all code made for this lab rather than lab3 runs correctly.
